**HIGH SCHOOL GIRLS
DID THE HONORS****Parents Day Yesterday Afternoon
Delightful at Public School****"DOMESTIC SCIENCE DEPART-
MENT" SURPRISE TO VISITORS**

Parents' Day at the Earlington Graded and High School yesterday proved to be particularly enjoyable, both to the considerable number of the school's patrons in attendance and to the children and the faculty of the school. Every visitor was escorted by members of the reception committees from the various grades and cordially welcomed by children and teachers. They were started in at the first grade and taken through each room, to inspect the fine and varied display of work done by the pupils. When the visitors reached the upper hall the high school girls took them in charge, had each register again and then introduced them in the most delightful manner to the "New Domestic Science Department." And the pride of these bright, busy girls was wholly justified in the unusual welcome they gave and in the beautiful refreshments they served all comers—refreshments prepared by their own hands. There were sandwiches, dainty and delicious, superior coffee with whipped cream and other things. And everybody was "at home."

There was a great deal of meritorious work displayed, and in very attractive manner, all showing excellent progress. Perhaps the writing, the music, the drawing, the manual work and the art work display attracted the most general interest and favorable comment. Washington and Lincoln and Longfellow sentiments, with a touch of St. Valentine's were everywhere in evidence.

Prof. Dudley made a short talk to the visitors who remained after the inspection of work, and the serving of refreshments had finished. Regular classes were held yesterday morning. Today there will be a full holiday in honor of the first President.

Rev. J. W. Graham, of Louisville, will preach at the local Christian church Sunday morning and evening. Bro. Graham has made a number of visits to our city and all who have ever heard him are anxious that their friends come and enjoy the rare treat of hearing the Gospel message from this valiant old soldier of the cross.

**JOYOUSLY THEY
WENT A-SHRINING****Special Train From Earlington
and Madisonville Yesterday****RIZPAH TEMPLE WENT WITH
THE GOODS TO OWENSBORO**

It was an enthusiastic bunch that left here yesterday noon en route for Owensboro, via Madisonville, headed by illustrious Potentate George O. Atkinson, of Rizpah Temple, and the Shriners' Band composed of Earlington talent under the leadership of that distinguished hornblower Dan M. Evans. And the railroad men were the happiest in the crowd, for their Friend and train-master Wise had fixed things so that every trainmen-shriner on the Henderson division, who so desired, could go and enjoy these festivities. Madisonville augmented the party largely and Hopkinsville and Illinois Central points were well represented. Every member of the train crew was a shriner and all were in their festive when they left Earlington. The line-up was J. T. Goggins, engineer, J. E. Vaught, fireman, Ed Haefer, conductor, B. L. Meacham, flagman. The occasion of this pilgrimage was a big class of novitiates at Owensboro, and Mahomet would not go to the mountain. The special train returned during the early hours of this morning, making a slow and circuitous journey home after having lost its switch key at Owensboro. All the Shriners went except the editor and two train dispatchers, one postmaster and a "Wop" or two.

To The Public

I am in the Automobile Contest and hope to win, but I cannot do so without the assistance of friends. I ask that anyone who is not specially interested in the contest, and who has not pledged their votes, will vote them for No. 173. Anything you can do will be greatly appreciated.

BAND SUCCESS****Entertainment Tuesday Evening
Delight to Theatre Full of
Folks****STORM HELD NO TERRORS FOR
EARLINGTON MUSIC LOVERS**

Stormy Tuesday evening proved the devotion of the Earlington people to our local talent and demonstrated again that there are many music lovers among the Earlington people. Reserved seats were practically all taken long before the box office at the Temple Theatre opened that evening. And the curtain rose to a full house full of enthusiasm and appreciation for the boys of the Klub Kentucky Band and the other local talent billed to assist them in giving an evening of great pleasure to the home folks.

The Klub Kentucky band is still in its youth, so far as concerns the age of the organization, but they are beginning to play like veterans under the skillful leadership of their accomplished director, Mr. B. F. Pro. And the band boys, every one of them, will tell you that "Pro's all right!" And so say the music lovers of Earlington. The personnel of this band is unusual. It is composed of professional and business men, railroad men and others, in it not on a commercial basis but for the love of the art, and every man owns his instrument, some of them more than one. The instruments, too, are fine ones and of the best make.

An especial feature of the program was the rendition of the "Klub Kentucky March," composed by Mr. Pro and dedicated by him to the local band, this being its first public rendition. The work of L. O. Wiley on the clarinet, in solo and other parts, came in for a great deal of well merited praise. There was a general air of excellent work and good control all through the various instruments, and at the other end of the band Charles, Trahern's baritone and John Long's bass arose on occasion in well modulated and true tone to share in the general praise and approval generously bestowed by the audience. The program was varied and contained eighteen numbers, but it did not drag at a single point and all was enjoyed in spite of the storm.

A talented member of the band is writing an appreciation of the talent that assisted the boys to make the evening good, but we cannot pass those features wholly unnoticed. Miss Bernice Wimberly, of Madisonville, the only participant outside of Earlington, but so nearly home folks through the large acquaintance here of her father, filled a very delightful number and encore with her violin, beautifully accompanied by Miss Olin Prather, of Madisonville. Miss Katie E. Murrell read in her most engaging manner the humorous selection "High Culture in Dixie." Miss Maggie Turner, always our popular songster, sang most sweetly "In the Garden of My Heart." The songs by the mixed and the male quartets struck a popular chord in their quality and humor. And Little Miss Mary Lou Ashby gave her reading, "Sarah Ann" in her bright and catchy juvenile style that always wins.

The stage setting, cannot pass without notice. It was admirable, with hand stand and special lights and pedestals and flowers lastly arranged upon an artistic plan that commended the good taste of Messrs. John Long and Chas. Webb, who made and arranged the setting.

**'GUILT OF ALL EQUAL'
BASIS ON BOMB CASE****Prosecution Hopes to Show That
Each Indicted Man Aided Plot****CHARGES WERE HELD IN RESERVE**

Indianapolis, Feb. 23.—New disclosures made in the dynamite conspiracy cases through 40,000 letters and telegrams quoted in the indictments as implicating practically all the officials of the International Association of Bridge and Structural Iron Workers will be the basis on which the government will seek to convict the fifty-four defendants who are charged with committing or abetting in almost 100 explosions.

The correspondence, contained in one of the thirty-two indictments, charges all the defendants with being equally guilty as abettors.

Four Indictments in Reserve

Four more indictments, not yet made public, supplement the principal indictment containing the correspondence. These indictments name all the fifty-four defendants as implicated in the general conspiracy and make these charges:

That, on thirty-four counts, all the defendants are guilty as principals in illegal transportation of dynamite, and all the other defendants are guilty of aiding and abetting them.

That, on thirty-four counts, McManigal, John J. McNamara, James B. McNamara and Hookin are guilty of illegally transporting dynamite, and all the other defendants are guilty of aiding and abetting them.

That, on sixteen counts, all the defendants are guilty as principals in illegal transportation of nitroglycerin.

That, on sixteen counts, McManigal, John J. McNamara, James B. McNamara and Hookin are guilty of illegal transportation of nitroglycerin, and all other defendants are guilty of aiding and abetting them.

The wide scope of the thirty-two indictments, which contain in all 128 counts, is due, it is announced, to the theory of the government that the defendants alleged guilty in equal measure how small an individual's personal activity in the conspiracy may have been. District Attorney Miller said it has been determined to press all the counts of the indictments against each of the defendants.

Present Only "Typical" Acts
The indictment setting out unconsummated acts of conspiracy, extensive as it is in presenting a mass of alleged incriminating correspondence between the defendants, said Mr. Miller, "only submits typical acts. If we had chosen, this indictment might have been run into many more hundreds of pages."

"Forty thousand letters were seized in the headquarters of the international ironworkers' association and from them the investigators chose evidence that we consider much more than sufficient to prove our case when offered in connection with corroborative evidence of wide extent and varied character."

"The freedom with which these men put on paper their plans, motives and the working out of their purposes is amazing."

**NEW BOMB CASE PROOF
IN GOVERNMENT HANDS****Attorneys Have Copy of Resolution Stop-
ping Outrages During 1910
Convention**

Indianapolis, Feb. 19.—To support its contention that many of the officials, national and local, of the International Association of Bridge and Structural Iron Workers were implicated in the dynamiting conspiracy against "open-shop" employers, the government is prepared to submit as evidence the original copy of a resolution alleged to have been introduced at the ironworkers' national convention at Rochester, N. Y., in 1910, providing that no explosions should take place during the convention.

United States District Attorney Chas. W. Miller today said the resolution was an important piece of evidence in the government's case. The resolution reads in part: "Resolved, That no more bombs or explosives of any kind be exploded while this convention is in session."

In addition to naming five new justices on a court of nine, President Taft also had the distinction of elevating Associate Justice Edward D. White to the chief justiceship, making in all six Supreme Court appointments during the three years he has been in the White House.

The five associate justices named by Mr. Taft were Messrs. Lurton, Hughes, Van Devanter, Lamar and Pitney.

Had Narrow Escape

C. Y. Cox, a popular fireman on the Evansville accommodation, had a narrow escape Sunday night. He had been in the country to see a girl and was returning to Morganfield about one o'clock in the morning. The horse was going at a gallop on level road when he stumbled and fell breaking his own neck and throwing Mr. Cox several yards and knocking him unconscious. When he came to himself he was laying some distance from the horse with his arm and head covered with blood. The accident occurred in the edge of town and he managed to make his way to the livery stable and notified the owner of the accident to the horse.

Chest pains and a dry, hacking cough should be treated with BAL-LARD'S HOREHOUND SYRUP taken internally, and a HER-RICK'S RED PEPPER POROUS PLASTER applied to the chest. **COMPANY G ORDERED
TO BARDWELL, KY.****To Protect Slayer of Popular Far-

Last Saturday****CAPTAIN AND THIRTY-FIVE
MEN LEFT HERE AT MIDNIGHT**

Capt. Ott Powers, of this city, received an order from Adj. Gen. Holman yesterday to take Company G to Bardwell, Ky., to be present at trial of Willard Richardson, who shot and killed John Violet, a farmer at Milburn, Carlisle county last Saturday. The company goes heavy marching order to protect from possible mob violence the prisoner. It was expected that Capt. Powers would pick up the prisoner at Paducah and escort him to Bardwell, though this does not agree with news dispatches from Paducah yesterday saying that the prisoner had been taken back to Bardwell and would be left in jail there until the trial on Saturday, and starting that all fear of mob violence had passed. It seems possible that the authorities found it unsafe and brought the prisoner again to Paducah. The officers and a good proportion of the men of Company G have seen active service under war conditions and the company is considered one of the best in the State.

HONOR TO WHOM HONOR IS DUE

The County Unit Extension bill has passed both the Senate and the House and now goes to the Governor for his signature. The temperance forces have won a big victory, in which a number of influences have had important part. The bill is not yet a law but there is absolutely no shadow of doubt that the Governor will sign it. In fact Governor McCreary has made it an administration measure and has himself, during the session of the legislature, gone out of his way to influence votes in its favor. And perhaps no such victory could have been won but for the influence the Governor was able to wield with certain members of the General Assembly who were not at heart in favor of the measure but were brought to its support as a party measure and to carry out a platform pledge. Doubtless it cannot well be controverted that Judge O'Rear's aggressive fight before the people of Kentucky in advocacy of the county unit extension, and the subsequent clear declaration of the Republican platform on this question, forced also the Democratic party into advanced position and put the temperance plank in their platform. The effect of this remedy on my system was gratifying. First La Grippe, Then Bronchitis

Such was the case with Mrs. W. S. Bailey, McCreary, Ky. "My wife was taken down with a severe attack of la grippe, which run into bronchitis. She coughed as tho' she had consumption and could not sleep at night. The Doctor's medicine gave her no relief and I was advised to try Foley's Honey and Tar Compound. The first bottle gave her so much relief that she continued using it and three bottles effected a permanent cure." Mr. W. S. Bailey says he is prepared to answer all inquiries promptly.

The Great Sebree Springs Season Ticket Contest

One of the Greatest Prize Winning Contests Ever Inaugurated in Western Kentucky

The Proposition

A proposition of interest to every believer in the moral uplift of the people. The policy of the new management Sebree Springs Hotel and grounds will be altogether different from past managements. The dance hall will be seated and used as an auditorium, in which to hold religious Conventions, Conferences, Association Camp-meetings, Lecture Courses, etc., which will be elevating and helpful instead of hurtful, as heretofore. The Hotel proper will be run for the benefit of the public, as formerly, and any one who desires to spend their summer vacation where they can have rest and recreation under the best of influences, and also have the benefit of the finest springs of chalybeate water in the United States, at reasonable rates, can find no better place than Sebree Springs.

It is for the purpose of advertising the ch of p licy and management of the Springs, that this contest has been inaugurated and this great offer made.

4 FREE 4
TRIPS
TO
Mammoth Cave

One for each county—
Henderson, Hopkins,
Webster and McLean

A trip worth trying for
The management of the Sebree Springs will pay all expenses, including round trip on boat or train, two days stay at hotel, trip through cave, guide fees, etc.

The Plan

The contest will be conducted in four counties, viz: Henderson, Hopkins, McLean and Webster, outside the town of Sebree. No person in Sebree will be allowed to contest, on account of it being unfair to the balance of Webster county. The town of Sebree will be left open to all contestants. This is done that everyone in Webster county will have equal chance.

Any lady, married or single, residing in the above named counties, is eligible to enter this contest, provided they live in county from which they are nominated.

Three prizes will be awarded in each county, under the following conditions: The person selling the largest number of season tickets in each county will be awarded first prize—A FREE TRIP TO MAMMOTH CAVE. One selling next largest number of tickets in each county, second prize—Two Weeks Board at the Sebree Hotel, absolutely free. All contestants who fail to secure any of the above prizes will be well paid for their work. Should there be a tie for any of the prizes, the persons trying will be given an equal prize.

Nominations

The first person nominating the successful contestant in each county will be entitled to One Week's Board at the Sebree Springs Hotel absolutely free. Fill in the nominating coupon and send, at once, to E. M. Vance, Contest Mgr., Sebree, Ky. Remember, it costs nothing to nominate.

The season tickets cost only ONE DOLLAR for the season of five months. The tickets include the whole family, regardless of the number therein. Each holder of a ticket is entitled to free admission to grounds and free use of water, and, in addition to this, the holder of each ticket can secure one meal per day at the Sebree Springs Hotel at one-half price and any time during the season, which makes it a very attractive inducement to buy tickets.

Contest Absolutely Fair

In order that there shall be no misunderstanding in the contract, and that every contestant will feel that they are getting a square deal in this matter, a receipt will be given to every ticket sold and a duplicate receipt will be deposited in locked boxes, located in the vault of the First National Bank, Sebree, Ky. Boxes not to be opened till contest closes, April 15, 1912. Judges will then be selected to count receipts and award prizes. The person holding the largest number of receipts in each county will be declared the winner of the first prize. The second largest, second prize; third largest, third prize. To all contestants who failed to secure any of the above prizes, will be paid 5 per cent cash on each receipt.

HERBINE For the Bowels

A Cure for Chronic Constipation, Torpid Liver and Irregular Bowel Movements.

Constipation is the most common disorder of the bowels. It affects both sexes and all ages but is more prevalent among women because their duties in the household require less physical exercise than the occupations of men; therefore women suffer most from its baneful effect.

A constipated person is an easy victim when exposed to any serious disease—Pneumonia, Typhoid Fever, Malaria, Rheumatism, Small Pox, Yellow Fever and Bright's Disease gather their annual harvest of death among those who are habitually constipated. Even though they escape these diseases, such persons are always ailing more or less. They have headaches, bad digestion, dizziness, vertigo (blind staggers), sallow complexion, flatulence, loss of strength; and no energy at all. Herbine has a most admirable effect in the bowels; it is cooling, purifying and regulating. It puts a prompt check on biliousness, wind in the bowels, nervousness, heartburn, bad breath, low spirits, drowsiness in the day-time and nervous wakefulness at night.

Price 50c per Bottle.

Regular Habits.

It is a good plan to have a regular time for reading. One accomplishes so much more in this way, and besides establishes a kind of intellectual habit that is a good thing in itself. In an hour, or even half an hour given regularly each day to reading, a great deal may be accomplished. Do not confine yourself to serious books. Alternate light with heavy reading, and do not attempt heavy reading when you are tired. Do not read merely to be amused. Treat your books as friends. Do not follow blindly the teachings of any book.

The Paper Wedding.

The "paper wedding" marks the completion of the second year of married life, and is sometimes the first one celebrated, since the cotton anniversary seems to offer very few possibilities in the way of unique entertainment. For the paper wedding we can decorate our rooms and table with some of the beautiful paper flowers that are now being modeled most exquisitely after the natural flowers.—Harper's Bazar.

Musicalian and Wife.

M. Camille Saint-Saens, the great musician, and the lifelong friend of animals, took into the home a little dog. The curious consequence was his chance and helped the owner of the house. Saint-Saens, who served for the musician which said, "Monseigneur, the house is not a zoological garden." Saint-Saens said, "I wish your house to be a zoological garden you have only to live in it."

Unencouraging.

"That audience cheered my remarks repeatedly." "Yes," replied the morose man. "I never yet saw an audience that wouldn't rather hear itself holler than listen to somebody's talk."

A Warning Against Wet Feet

Wet and chilled feet usually affect the mucous membrane of the nose, throat and lungs, and in grippe bronchitis or pneumonia may result. Watch carefully, particularly the children, and for the racking stubborn coughs give Foley's Honey and Tar Compound. It soothes the inflamed membranes, and heals the cough quickly. Mrs. A. A. Swagel, Krob, Wis., says: "I always give Foley's Honey and Tar Compound to my children. It cures their coughs and colds and they like to take it."

Their Likeness.

While Pat worked, Mike and Murphy painted a picture of a donkey's head on the back of his coat, thinking that they would have some fun out of him when he put on his coat to go home. Pat, as he reached for his coat, saw the painting and asked: "Which one of you fellows wiped your face on the back of my coat?"

TO THE PUBLIC

Since names of all the automobile contestants are known, we deem it necessary to say that by a decision of Victoria Lodge No. 84, K. of P., that I as K. R. S. should enter the contest for the benefit of the lodge, which I did, and I am under a binding obligation that if I should win in said contest, that I will immediately deliver to the lodge the prize, which when disposed of would enable us to own a complete lodge room, something we have sought so long. Now it is not possible for but one to win, so why not help No. 51, thereby assisting a good and worthy cause? We will greatly appreciate your aid in any honorable way. Any contestant who realizes he or she cannot win and will lend us a helping hand, we will be very grateful. If this is to be a real contest to the end and on the square, we know we have a good chance to win, but if it is to be bought out at the end, or any unfair means used to win, we decline. Now give No. 51 your votes and all will be well.

Fraternally yours,

ERNEST NEWTON, K. of R. and S.
